

REC.LOC file - distribution of receivers

REC.LOC file contains the definitions of sound receivers. The **RECEIVERS** section contains the receiver's number and coordinates in consecutive lines.

The screenshot shows a text editor window titled "CATT-Edit - REC.LOC". The menu bar includes "File", "Edit", "Search", "Character", "Template", and "Help". The text content is as follows:

```
|; PROJECT=sala  
  
RECEIVERS  
1 0.0 10.0 3.0
```

The status bar at the bottom left indicates the file path: "C:\CATT-kurs\REC.LOC".
